Subject: Insight Health Corp. - PSC request for entry of MDL Order No. 8 granting access to documents and things given by defendants in Wingate litigation

Patrick - Thank you for your letter that I received this morning at 11:05 a.m. The issue that you have raised is very important as you well know. We will need to evaluate the request and discuss it with our client. Jim Neale is out town this week and I am in the middle of another court filing right now. Also, there apparently is a list of the specific matters that would fall with the scope of the proposed order that is referred to in footnote 1 of the order and which you did not provide to me. I would ask that you provide that list in order that my client can better evaluate your request.

For all of these reasons I wanted you to advise your right away that we will be unable to respond substantively to your request that we advise you of our client's position by 3:00 p.m. today, less than four (4) hours after your transmitted the request. However, we will respond as soon as we are able to do so. Best regards, Steve
